

# Runerealm game rules

1. Racial remarks (even in jest) will not be tolerated, political and religious discussions are allowed but are to remain strictly friendly.
2. No staff impersonation.
3. Multi-logging is allowed however your accounts cannot be in the same location at any time irrespective of the reason.
4. No R.W.T (real world trading) in any way shape or form.
5. No advertising other servers.
6. Do not advertise our server on any other rsps.
7. Do not spam the developer(s), Owners or staff members, they will address your concerns in due course.
8. No safe spotting.
9. Donations are non refundable unless otherwise discussed with the Owner
10. No evading staff/rules and/or punishments
11. No harassment of any kind, be it religion, sexual orientation, or any other forms of harassment.
12. Rule bending is illegal if there is scope for a "gray area" of a rule then assume that it is punishable.
13. Account Sharing is not allowed, in the event of account sharing we will punish you heavily.
14. No third party software/hardware that would strictly give you an advantage over others is allowed. *While we used to condone auto clickers while not afking, we've decided to shut this off completely. Otherwise it will only open up avenues for people to justify doing it in the future, and while it has always been forbidden in the rules, it will now also be actively enforced (regardless of afking or not)*
15. If a member of staff gives you an instruction you must follow this without question (providing it is within reason), not doing so can and will result in punishment.
16. Item duplication is strictly forbidden, if you find a "dupe" then you must notify a member of staff immediately, failure to do so will result in severe consequence.
17. Repetition of the same word/phrase or sentence within anything less than 10 seconds between them will be considered spamming and is punishable.
18. In the situation of a dispute between players, if the situation is resolved then do not drag it back up or proceed with the matter, once staff settle it, it's done.
19. Flaming or flame baiting a player or member of staff will not be tolerated, there is a fine line between joking and flaming, if the other person doesn't appreciate it do not do it.
20. If you have an issue with any players please notify a member of staff, for staff issues then please contact a higher rank or one of the owners
21. No begging other players/staff or the developers, it is deemed as a public annoyance and will not be tolerated, if instructed to stop and you persist consequences will ensue.
22. Mechanic abuse or any such abuse of the functionality of the game will not be tolerated, if you find something report.
23. Hacking will not be tolerated - we denote hacking as any form of unauthorized access into an account, this includes use of keyloggers/phishing software (also see rule 13 re: account sharing).

24. You must not threaten either players or the server with DDOS or Hacking, if you do you will be banned.
25. Loaning of Items is allowed however the Loanee bares the risk of any lost items, the Loaner if refusing to give back items will be punished by staff for "stealing".
26. VPN voting is prohibited, we want to do things the right way and do not encourage or agree that this is deemed as acceptable.
27. Encouraging others to break/bend rules will not be tolerated, if you are found doing this then you will receive a heavier punishment than those who you encourage.
28. Scamming through any means (be it an abusable mechanic or not) will result in a ban; to extend examples of such we will consider "over-gambling" - gambling more than you have as a scam and as a result will initiate a ban immediately, likewise we will also not tolerate gambling donations as these are very easily retracted by the said payee. Like wise loaned items should not be gambled as they are not yours and are subjected to the same above . *foot note* Gamble with the items you have or don't at all.
29. punishment accumulation - in the event you are persistently in trouble (over a 12 month rolling period) you may be subject to punishment escalation - this means your punishments will go from simple mutes through to possible temporary bans - you will be warned by a staff member if this is the case and if you continue then it could lead to a permanent ban.

*What does Runerealm consider to be real world trading (RWT) - the sale/purchase of items within the game through third parties or the exchange of worldly goods. However we do allow the exceptions of the following and only the following; Sale/purchase of donations to co-players within the community with gold The trade of items in lieu of a donation. We understand and appreciate that some players may have to use this method to donate as they cannot afford/or access the gateways in which to facilitate such donation. We do not accept players selling accounts/items/gold to other people for real currency either with or without use of a third party site and likewise we do not accept the sale or purchase of items within our game in exchange for items/gold/etc from other games. A player found in breach of our terms will be subjected to the staff members discretion and this will most likely result in a permanent removal from the game or any of its associates sites.*

### **Discord rules**

1. We ask you do not grave dig a post that is older than 3 months old in the event it hasn't been otherwise locked.
2. Personal messages on the discord are strictly for contacting other players in a polite manner, in the event you flame a player through use of this you will be punished accordingly.
3. Posts/meme's or pictures of a sexual nature, or depict terror acts are not acceptable nor are they funny - posting such content can result in a ban from discord and/or the forums.
4. any rules denoted in the "server rules" may still apply.

*Please note that inline with GDPR (General Data Protection Ruling) we will not be sharing your personal information with any third parties, however from time to time RuneRealm does reserve the right to send your marketing information (via any feasible method),as it may deem necessary. It also strives to sustain your personal data and will notify you of any possible breach in this. If you have any cause for concerns please contact the administration team and they will do there best to address your questions.*

*In signing up to the server, wiki and/or discord or any other associated platforms(creating an*

*account on any of the above) you agree to the terms and conditions which are set out by the server, you also agree to adhere to the rules and regulations as set by the administration team - failure to follow this agreement can result in severe punishment which could escalate to a permanent ban from all facilities.*
